Description

P7CAM164STT

Split Deck Tilt Trailers are specially designed for hauling skid steers and compact tractors with the easy to use tilting deck for loading and unloading of your machinery, as well as a fixed portion of the deck for convenient hauling your attachments such as pallet forks, loader buckets, backhoes, and more!CAM Superline split deck tilt trailers are built with a durable four-bolt adjustable hitch plate offering changeable height settings, to match the hitch height of your tow vehicle. This model comes standard with a 2-5/16" self-seating ball coupler or an optional 2-1/2" pintle ring.For ease of operation (and to save you time), our 7,000 lb. top-wind jack reduces cranking with a convenient drop-leg feature. Simply remove the pin, lift the jack leg, and clip the pin back into place.An innovative Zip trailer breakaway system eliminates fraying, dragging, or breaking. A sealed 7-Way SAE plug, fully wired to a weatherproof junction-box, provides a fast and secure electrical connection to your tow vehicle.Built for quality, value, and dependability, all CAM Superline trailers come standard with LED lights, a sealed, 1-piece heat-shrunk wiring harness, and a superior 2 component finish featuring an epoxy primer and PPG polyurethane paint providing the ultimate in corrosion resistance and long-lasting durability. Back it all up with a 3-year warranty and it's easy to see - CAM Superline is your partner for the long haul!
