Description

Load Rite Utility Models Fully Galvanized - Rust Resistant - Welded Tubular Frames Load Rite utility trailers take service-life to levels unheard of from either painted and aluminum competitors. These trailers are solidly built with galvanized and welded tubular frame, axle and integrated side rails, and a 5' ramp and 2x plank deck to load and support the cargo. Other standard features include an A-frame tongue weldment with a footed tongue jack. Galvanized skirted fenders and 15" wheels with DOT rated tires and lighting complete the package. Tailor the trailer to your needs with optional features including solid, mesh, or wood sides, brakes, LED lights and spare tire and carrier. When it comes to appearance, performance and stamina, these trailers have it all. This is not a throw-away trailer. It's a permanent investment, one you'll either resell to a neighbor or hand down to heirs. It's that good. STANDARD FEATURES Welded, hot-dipped galvanized tubular steel frame A-frame style tongue Integrated welded side rail Galvanized 5' tall steel mesh fold flat ramp 2x8 PT plank deck Superlube greaseable spindles 15" wheel assemblies Galvanized, skirted fenders Tongue jack with foot DOT lighting NATM Certified 2 Plus 3 Years Coupler to Taillight Warranty POPULAR OPTIONS Mesh sides Solid sides Wood sides LED Lighting Electric brakes High speed wheel balancing Spare tire and carrier Wheel for tongue jack
